

ASEAN HERITAGE PARKS AND SMALL GRANTS PROGRAMME INDONESIA

ASEAN Centre for Biodiversity

- An international intergovernmental regional center of ASEAN
- created by the 10 ASEAN Member States through an Establishment Agreement
(supported by ratification of the governments)

ACB Programme Areas

A protected area of high conservation importance preserving in total a complete spectrum of representative ecosystems of the ASEAN Region.

A flagship programme of the ASEAN that manages a regional network of representative protected areas created to generate greater collaboration between ASEAN Member States in preserving their shared natural heritage

ASEAN Heritage Parks as of October 2017

AHPs

- ASEAN Heritage Parks (AHPs) are selected protected areas in the ASEAN region which are known for their unique biodiversity and ecosystems, wilderness and outstanding values.
- AHPs were given the highest recognition because of their importance as conservation areas
- As of 2018, a total of 44 ASEAN Heritage Parks had been established, the distribution is as follows:
Brunei Darussalam - 1; Cambodia - 2; Indonesia - 7; Lao PDR - 1; Malaysia - 3;
Myanmar - 7; Philippines - 9; Singapore - 2; Thailand - 4; and Viet Nam - 8.

AHPs in Indonesia

- Gunung Leuser National Park
- Kerinci Seblat National Park
- Lorentz National Park
- Way Kambas National Park
- Kepulauan Seribu National Park
- Wakatobi National Park
- Bantimurung National Park

Small Grants Programme I

Overall Programme Objective:

Strengthening of biodiversity protection and management of natural resources in line with the basic needs of the local population in the ASEAN region by strengthening the ACB in its role to promote biodiversity protection.

Module objectives (impact level)

- a) to improve biodiversity protection in line with the interests of the local population directly dependent on selected AHPs and adjacent areas;
- b) to improve the livelihood of local communities directly dependent on selected AHPs or adjacent areas;
- c) to strengthen the role of ACB in promoting biodiversity protection among the ASEAN member states.

Module objectives (outcome level)

- To implement successful interventions covering both biodiversity and livelihood aspects in selected AHPs and adjacent areas

Budget allocation and the coverages

Phase I

2014-2019

EUR10 Million

Phase II

2017-2021

EUR6.39 Million
